You are invited...

Sue and Geoff invite you to come along to their **DUKE VINEYARD** cellar door and winery to taste some of the Peninsula's best wines. The winery is an innovative and unique complex of round formed concrete buildings designed specifically for the production of small lots of hand-crafted, quality wines. The building allows good separation of winemaking, barrel ageing and cellar sales functions in three round spaces and elevated views from the cellar door make it a great place to work and to visit.

Join the friendly folk at **WHINSTONE ESTATE** over the Cup Weekend for free tastings of unique single vineyard wines including latest releases. 'The Big Green Shed' boasts a purpose built tasting room and improved toilet facilities which are wheel chair friendly. Patrons are welcome to picnic under the trees overlooking the dam.
